EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Daley on December 13, 2006.

The application has been amended as follows: Claims 14-21 are cancelled.

The title has been changed to "Liquid crystal display with polarizer with inclined edge portion."

Election/Restrictions

The following is an examiner's statement of reasons for allowance: Regarding claim 1, there is no prior art of record that teaches a liquid crystal panel comprising: "a polarizing plate stuck on at least one of said first and second substrates at a surface opposite said liquid crystal layer, said **polarizing plate having an end receding from an end of one substrate and having a surface with an inclination.**"

The prior art of record Takeshi as previously cited discloses a method of cutting a polarizer using a half blanking technique, which used a blade slightly similar to that

Art Unit: 2871

shown in the invention however the prior art failed to show that this would result in a polarizer having edge portions that are inclined..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Phu Vu whose telephone number is (571)-272-1562. The examiner can normally be reached on 8AM-5PM M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Nelms can be reached on (571)-272-1787. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
